Cliff,

The last tribal consultation I attended, the Council had legal questions and so Keith was there to assist. If possible, it might be good for you to be there with me.

The plan will be to do a day trip like the others. I have to be in Boise the next day and so getting back at a reasonable hour will be the goal. If you cannot attend, I understand.

Thanks, Calvin. Doesn't look like I'm expected to attend, which would be difficult for me next week. But please let me know if any reason I really should plan to attend.

Thanks.

Derald,

Thanks for the heads up. I will plan to drive over early in the morning to be there by 830am. If you could give me directions to the location of the session and your office that would be helpful. If there is anything specific that you would like me to mention, please let me know so that I can be prepared.

I will see you on Tuesday.

v/r,

Calvin

Hello Calvin,

The EPA is first on the agenda for the August Tribal Council session. You are scheduled for 9:00 a.m. to 10:00 a.m. on August 6, 2013. Loretta is preparing a packet for all in attendance which will contain all pertinent information relating to the illegal dumping issue. We look forward to seeing you in council. If need be we can meet in my office here at the agency before going into the council chambers.

Derald,

I hope that this message find you and your team well. I heard about the news regarding Loretta's job change from the Yakama Nation to the City of Yakima. I am sure that Loretta's efforts, energy, and passion for the job will be missed.

In regards to the Tribal Council meeting that is scheduled for Tuesday, 6 August 2013, I wanted to again reiterate our support, if EPA presence was necessary to describe the planned activities at the Ashue Road property. I have tentatively blocked out Tuesday for this contingency.

I am scheduled to be out of the office on Monday, 5 August 2013, but can be contacted via office or cellphone at anytime, if you need to get a hold of me.

It is our continued pleasure to support and work in partnership the Yakama Nation.

Sincerely,

Calvin
